

Moov Spirit V735 TV

For big adventures, on and off-screen.

The V735 TV boasts a superb 7" widescreen, essential for bigger trips when you want both navigation and TV entertainment to hand. Yet despite its size, the V735 TV is surprisingly slim and is held firmly in place with a specially designed, multi-angle cradle. With its built-in Programme Guide, you can see what's available to view on all available TV channels up to a week ahead, and the easy-to-use touchscreen menu and remote control gets you to your favourite programmes in seconds, as well as volume and brightness adjustment.

The V735 TV also becomes a full media device enabling you to store and view video and photos, and listen to your favourite MP3 music tracks.

Navigation is powered by Mio's latest Spirit software and features the all-new TruMap™ views as well as built-in Traffic, while Junction Views and Lane Guidance help give you a safer driving experience. The V735 TV is also brilliant when using Explore Mode on its widescreen. You can really make the most of your travels using the 7" display for both NavPix™ and Wcities Travel Guides that make discovering new places easy and fun.

The V735 TV connects to MioMore™ Desktop, via your PC or laptop, so you can plan and upload destinations direct from Google™ Maps, as well as use Local Search to explore places to visit, eat, stay and shop, wherever you plan to visit.
